

## 1/2 inch impact socket wrench insert power set

**3-piece set comprising impact socket wrench inserts in sizes 17/19/21 with integral reinforcement ring for a longer service life**

- Standard: DIN 3121/ISO 1174
- Drive: Hole for locking pin and groove for O-ring
- Geometry: long

### Long service life

Reinforcement ring to ensure a service life at least twice as long as that of standard impact socket wrenches for light metal rims.

### Replaceable plastic sleeve

Plastic-coated to protect aluminium rims

### Colour-coded socket wrenches

Makes it easier to spot the required size so that less working time is wasted.

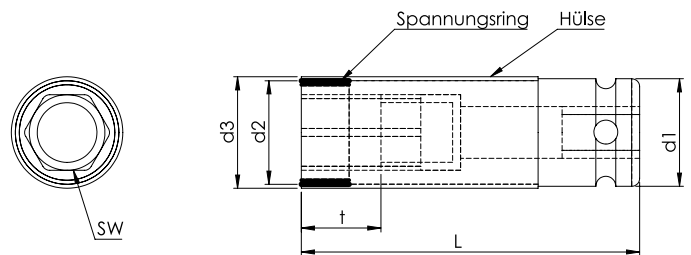

Width across flats	17 x 19 x 21 mm
Number of pieces in assortment/set	3 PCS

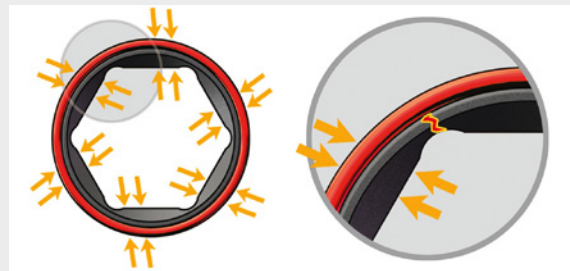

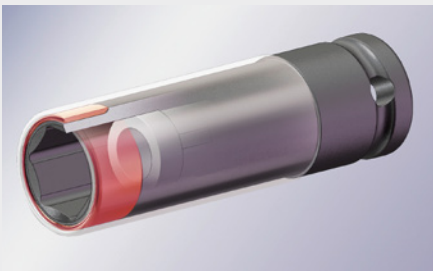

**Art. no. 0714 134 30**

P. Qty.: 1

Delivered in a sturdy plastic box

## Details/Application

Even if the socket is cracked, the ability to use it is guaranteed
